

*Space to Grow*  
*5<sup>th</sup> Annual Baskets of Love*  
*to benefit WRCC ~ February 6, 2010*

*Baskets of Love* was created to support the women at the transitional housing facility, [WRCC](#), on their road to self sufficiency. As a way of uplifting their spirits, we created a fun and exciting event, *Baskets of Love*. Since the women in the center share bathrooms on each floor we give them shower totes (“baskets”) to help them carry their toiletries to and from their rooms. Each year, we deliver approximately 75 baskets filled with personal care items and laundry supplies to help them with their expenses. In addition, we also provide food, beverages and prizes.

*Space to Grow is funded solely by in-kind and monetary donations received from corporate sponsors, individual donors and volunteers.*

*Baskets of Love*  
Event Flow Chart

\* See page #3 for details

# WRCC ~ Women's Residential & Counseling Center

---

Founded in 1921 as YWCC, Women's Residential and Counseling Center (WRCC) has evolved over the years to become an important resource for single women and mothers who are homeless or the victims of domestic violence.

WRCC is a 138-bed facility, which includes emergency beds for victims of domestic abuse. Clients who live at WRCC are case managed, and have access to a wide variety of resources and services, including an on-site Early Childhood Development Center, counseling, and job placement.

Clients create a detailed self-sufficiency plan with their case manager, and build a savings account during their time at WRCC. Each client who lives at WRCC is required to have employment.

WRCC also operates a 24-hour crisis line for victims of crime - (407) 425-1076. Last year, almost 75 percent of the women who came to WRCC were victims of crime, predominantly domestic violence. A victim services program is located on-site, and is funded in part by the Victims of Crime Act (VOCA).
